President's Welcome

Welcome to Chicago for the 2016 Annual Meeting of the Social Science History Association. The conference program this year includes an exciting range of papers, some related to the theme of "Beyond Social Science History," and many others demonstrating the breadth of work that always characterizes our meetings.

I want to extend a special welcome to the many graduate students in attendance. You are a big part of this meeting, contributing to nearly one-third of the papers on the program, and blazing new trails for us. The association is delighted to recognize your importance by offering a prize for the best graduate student paper and contributing to travel expenses for promising graduate students. You are our future.

The Program Committee has again done an outstanding job. Geoff Cunfer (University of Saskatchewan), Susan Hautaniemi Leonard (University of Michigan), and Regina Werum (University of Nebraska), our co-chairs, worked diligently and creatively with our fabulous Network Representatives to forge a call for papers and then assemble and schedule an exceptionally rich and rounded program. Thank you!

The network meetings are scheduled for mid-day on Friday. Ours is a participatory organization, and the meetings help us identify emerging topics and shape sessions that bring together the intellectual stimulus and diversity that make our meetings so exciting. Whether you are new to the meeting or a long-time member, I urge you to participate in the Network meetings and help the Network Chairs get started on next year's program. The Network meetings are your opportunity to become involved.

Finally, please join us on Saturday evening for the Business Meeting and the Presidential Address. We will follow them with the President's Reception, generously sponsored this year by the Institute of Behavioral Science and the Office of the Vice Chancellor for Research at the University of Colorado Boulder.

Enjoy the meetings and take advantage of the many cultural highlights of historic Chicago!

SSHA Membership

The Social Science History Association is an interdisciplinary group of scholars that shares interests in social life and theory; historiography, and historical and social-scientific methodologies. SSHA might be best seen as a coalition of distinctive scholarly communities. Our substantive intellectual work ranges from everyday life in the medieval world – and sometimes earlier -- to contemporary global politics, but we are united in our historicized approach to understanding human events, explaining social processes, and developing innovative theory.

The term “social science history” has meant different things to different academic generations. In the 1970s, when the SSHA’s first meetings were held, the founding generation of scholars took it to reflect their concern to address pressing questions by combining social-science method and new forms of historical evidence. Quantitative approaches were especially favored by the association’s historical demographers, as well as some of the economic, social and women’s historians of the time. By the 1980s and 1990s, other waves of scholars – including culturally-oriented historians and anthropologists, geographers, political theorists, and comparative-historical social scientists -- had joined the conversation.

New intellectual directions continue to emerge at the outset of the 21st century. Today’s SSHA incorporates a diversity of scholarly styles, with lots of crosstalk among them.

Information regarding SSHA membership is available at <http://ssha.org>.

SSHA Journal

Social Science History, the journal of the Social Science History Association, is published quarterly and is sent to members of the association. Submissions are invited via the online platform supported by Editorial Manager. To submit an article, please visit www.editorialmanager.com/ssha. Further information can also be obtained by contacting socialsciencehistory@mit.edu.

SSHA 2017 Annual Conference

The Social Science History Association will hold its 42nd annual conference in Montreal, Quebec, Canada, November 2-5, 2017. The conference will be held at Fairmont The Queen Elizabeth. The organization's long-standing interest in methodology makes SSHA meetings exciting places to explore new solutions to historical problems. We encourage the participation of graduate students and recent Ph.D.s, as well as more-established scholars, from a wide range of disciplines and departments.

Future dates and sites: November 8-11, 2018, Phoenix, Arizona (Hyatt Regency Phoenix); November 21-24, 2019, Chicago (Palmer House).

The book exhibit will be located in the Adam's Ballroom located on the 6th Floor of the Palmer House. The City of Chicago

Chicago is a world-class city of unsurpassed beauty, attracting visitors from around the nation and the world. Located on the shores of Lake Michigan in the heart of the Midwest, Chicago is home to the blues, experimental jazz, Wilco, Common, sports teams, an internationally renowned symphony orchestra, spectacular live theater, celebrated architecture, thousands of restaurants, and museums and shops.

Architecture, Sightseeing, & Neighborhoods

The city of Chicago is a veritable museum of modern architecture. It is the birthplace of the skyscraper. For information about tours contact the Chicago Architecture Foundation, the Frank Lloyd Wright Preservation Trust, or Chicago Landmarks. Please see the “Helpful Phone Numbers” listing for contact information.

Chicago is known as a city of neighborhoods. To see Chicago and all its neighborhood complexity, you can travel the extensive transit network, or rent a car. But try to plan at least one walking tour. Twenty neighborhood and special tours depart from the Chicago Cultural Center at Randolph Street and Michigan Avenue, a convenient downtown location. The Chicago Architecture Foundation also conducts guided tours, by foot or bus, focusing on the city’s distinctive architectural heritage. The lakefront is only a short walk from the Palmer House Hilton and, while it could be a bit chilly, leisurely strolls are possible. Even more accessible for a quick break from the hotel is Chicago’s central business district, the Loop, which offers architectural gems, outdoor sculpture, shopping and some of the city’s major tourist attractions. The best view of Chicago can be seen from the Willis Tower (formerly Sears Tower), located at 233 S. Wacker Drive. The Hancock Observatory, about one mile north of the Palmer House, provides spectacular views of Lake Michigan, Navy Pier, and Lincoln Park. This 94th-floor observatory, more than 1,000 feet above Chicago at the John Hancock Center, features an open-air skywalk, the Midwest’s highest open-air experience.

Museums

First on your list of museums to visit should be The Art Institute of Chicago. With its famous lions adorning its entrance, this world renowned museum is located just blocks from the Palmer House, on Michigan Avenue where Adams Street ends. The Field Museum of Natural History also comes highly recommended, located at Museum Campus just south of Grant Park. The Alder Planetarium and the Shedd Aquarium are also located there. The Museum of Science and Industry and the DuSable Museum are in Hyde Park, reachable by bus or cab. If you plan to visit a number of museums, you may want to purchase a CityPass, which includes all of the museums listed above, as well as the Hancock Observatory. The cost is \$98.00 for adults. You can purchase the pass at any of the museums or online at www.citypass.com.

Parks and Other Attractions

Located in downtown Chicago between Randolph and Monroe Streets, Millennium Park is an extraordinary showplace for sculpture, art, music, architecture and landscape design. This 24.5 acre park showcases Chicago as one of the most culturally sophisticated and diverse cities in the world. Its centerpiece is the dazzling Jay Pritzker Pavilion designed by Frank Gehry, one of the world’s leading architects. Directly south from Millennium Park is famed Grant Park, home to beautiful Buckingham Fountain. Lincoln Park stretches across Chicago’s north side.

Dining in Chicago

Chicago has it all when it comes to dining—and some of the best in the nation. Chicago is well known for Chicago-style pizza, hot dogs (don't forget the sport peppers), beef sandwiches and Midwestern steaks. Restaurants in the central areas and the neighborhoods range from the classics to trendy and up-to-the-minute spots.

Chicago Entertainment

Chicago has a stimulating and diverse music scene. Some popular downtown haunts for blues include Blue Chicago, Buddy Guy's Legends, House of Blues, and Kingston Mines; for a less touristed spot, try Rosa's Lounge near Logan Square. For jazz downtown, Andy's Jazz Club, and Jazz Showcase are good stops. The Green Mill, once frequented by Al Capone and now a hipster favorite, is a short ride on the 'L' from the Palmer House (Lawrence stop), while the Velvet Lounge, the headquarters of experimental Chicago jazz (AACM), is at the Chinatown/Cermak stop. Classic music lovers can inquire about tickets to the Chicago Symphony Orchestra at (312) 294-3000. Experimental music abounds; try the Hideout on Wabansia -- (773) 227-4433, or Elastic in Logan Square – (773) 772-3616.

Chicago's theater scene is known for its level of innovation. For performance schedules and half-price ticket availability (on the day of performance), please visit www.hotfix.org. You can also contact Best Seats Available at 866-858-7932 or www.bestseatsavailable.com for your favorite concerts, sporting events, and more.

The Navy Pier, located on Lake Michigan just east of downtown, has been Chicago's landmark since it first opened in 1916. It now showcases a unique collection of restaurants, shops and plenty of entertainment.

Most importantly, enjoy your stay in Chicago! Information on restaurants and additional sites will be available near the SSHA registration desk.

Information about Chicago and Chicago entertainment is also available from the Choose Chicago website – www.choosechicago.com or online at the Reader: <http://www.chicagoreader.com/>

Chicago Area Universities

Chicago is home to both the University of Chicago and Northwestern University, as well as a number of other world class universities. The University of Chicago is located in beautiful Hyde Park, just a short train or bus ride from downtown. By bus, the CTA #6 Jackson Park Express bus will take you from downtown Chicago to Hyde Park. Catch the bus southbound on State Street in the Loop. Get off at 57th or 59th Street, walk under the train tracks, and continue west to the campus. By train, catch the Metra Electric commuter train at the Randolph, Van Buren, or Roosevelt station. Get off at 57th or 59th Street and walk west to the campus.

Northwestern University is located in Evanston on the shores of Lake Michigan. From downtown the campus is most easily accessible by train (the 'L') by taking the Red Line train north to Howard and transferring to the Purple Line. Exit the purple line at Foster and walk east three blocks to campus. Those wishing to see downtown Evanston may prefer to exit one stop earlier at Davis; walk east to Chicago Avenue and then North on Chicago to central campus.

Also easily accessible via the CTA Red Line train are DePaul University (Fullerton stop) and Loyola University of Chicago (Loyola stop).
